Candidat li ed in this program are n guaranteed a degree. When grad are proc ed and degree requirements have been verified, the degre will then be cially awarded.

e Academic Regalia Code

The tradition of earing academic dress (caps, hoods, and go ns) dates back to the 1300s, hen the universities of Europe designated specific costumes for their students and facult. These costumes varied according to universit, and European institutions, still show a vide diversit of academic dress. American academic apparel, however, vas standardi ed in 1895. While this standardi ation has been revieved periodicall, the basic code of academic costume remains.

The code specifies that go, in sused in colleges and universities follow three basic designs—the bachelor's with pointed sleeves and a closed front; the master's with oblong sleeves open at the wrist and a closed or open front; the doctor's with bellshaped sleeves and a closed or open front, All go, in some bachelor's degrees or above are black, although the bands of velvet which adorn the doctor's robe made the color distinctive of the subject to which the degree pertains. The colors in the hoods are the official colors of the institution from which the degree was conferred.

The color of the velvet edging of the hood (and, optionall , of the tassel on the cap and of the velvet trim on the doctor's goven) is associated that the subject area in hich the degree vas taken. E amples of these colors follow:

Agriculture
Arts, Letters, Humanities, Literature White
Commerce, Accountancy, Business Drab
Communication, Journalism
Economics
Education, Counseling, Guidance Light Blue
Engineering
Fine Arts, including architecture
Forestry
Law
Liberal Arts
Library Science
Medicine Green
<i>Music</i>
Nursing
Pharmacy Olive Green
Philosophy
Physical Education
Political Science, History White
Public Administration, including Foreign Service Peacock Blue
Public Health
Science
Social Work
Theology

It is possible, then, to determine from the academic dress the college attended, the degree a arded, and the area in thich the degree as earned.
